Name: Kong Shun Kang

Matric: 61164

FYP Title: Fire incident management system

Programme: Information system

Chapter 4 Implementation and testing

- 4.1 Introduction
- 4.2 Environment setup
- 4.2.1 Software requirement
- 4.2.2 Server-side setup
- 4.3 Fire incident management system development

Will include the interfaces and their respective codes here followed by explanation

- 4.4 Testing phase
- 4.4.1 Functional testing

Including the test cases etc.

4.4.2 Usability testing

Collecting feedbacks and explain the collected feedbacks.

4.5 Summary

Chapter 5 Conclusion and future work

- 5.1 Introduction
- 5.2 Project achievements

Will compare the project objectives with the achievements

5.3 – Project limitations

Will list and justify the project constraints and areas that can be improved

- 5.4 Future work
- 5.5 Conclusion

Timeline

This is the draft version of the timeline of my FYP2. The Gantt chart of the timeline is shown as below:

0	Task 🕌 Mode	Task Name	Duration .	Start	Finish 🕌
	3	□ FYP 2	103 days	Mon 01-03-21	Wed 21-07-21
	A .	☐ Chapter 4: Implementation and testin	60 days	Mon 01-03-21	Fri 21-05-21
	A [*]	System development/Coding	45 days	Mon 01-03-21	Fri 30-04-21
	A ^b	Usability testing	16 days	Sat 01-05-21	Fri 21-05-21
	A ^b	Chapter 5: Conclusion and future work	14 days	Sat 22-05-21	Wed 09-06-21
	*	FYP 2 Full report and paper	7 days	Thu 10-06-21	Fri 18-06-21
	*	FYP 2 Presentation	5 days	Sat 19-06-21	Thu 24-06-21
	A ^b	FYP 2 Symposium	3 days	Fri 25-06-21	Tue 29-06-21
	A .	Amendment of final report	7 days	Wed 30-06-21	Thu 08-07-21
	*	Finalize and submit final report	9 days	Fri 09-07-21	Wed 21-07-21
